

**AUBURN UNIVERSITY
AT MONTGOMERY**

WARHAWK HEALTH SERVICES

Faculty, Staff, and Dependents

CO-PAY UPDATES

ATTENTION

We want to inform you about an upcoming change regarding the copay for medical services at Warhawk Health Services. Effective June 1, 2024, there will be an adjustment in copay amounts for faculty, staff, and their dependents. The copay will be increasing from \$15 to \$30 per visit for these groups.

Please note that this adjustment will not affect students, the copay for students will remain the same at \$5.

We understand that any change in healthcare costs can be concerning. The increase aligns with the co-pay that is charged by insurance companies and will allow us to continue to offer the array of services that we provide. Warhawk Health Services staff provides exceptional medical care, at a fraction of the cost, with reduced wait times compared to local urgent care offices. We're committed to ensuring that our healthcare providers continue to deliver the best possible care for our university.

Thank you for your understanding and cooperation.
