HOUSING AND RESIDENCE LIFE

Residential Education

The Department of Housing and Residence Life is committed to the total education of each resident. The purpose of Residential Education is to promote your personal and academic growth by providing you chances to use your out-of-classroom time to meet new people, learn about yourself and others, and develop skills not formally taught in the classroom. The overall goal of Residential Education is to help you, our resident, succeed academically and personally while in college and to be better prepared for life after college. Housing and Residence Life staff provide activities ranging from cookouts and other social activities to discussions about important matters of the day and assistance with resolving roommate conflicts. One of the best ways for new students to get involved in campus life is through active participation in these activities.

Further information on how you can get involved in this exciting dimension of college life is available from any Housing and Residence Life staff member. If you need special accommodations to help make activities accessible to you, please notify Housing and Residence Life in advance.

Resident Assistants

A Resident Assistant (RA) is a student who is also a member of the AUM Housing and Residence Life staff. They are trained to help residents and handle emergency situations that arise after hours. RAs plan activities for their buildings or floors and serve as a general resource for their residents. Get to know your RA and feel free to suggest activities you would like to see implemented. RAs perform an on-duty rotation throughout the week and act as the first line of defense for most problems occurring on your floor or building.

Residence Life Coordinators

A Residence Life Coordinator (RLC) is a graduate staff member who supervises the Resident Assistants. His or her primary job is to coordinate and maintain an environment conducive to learning, growth, and development. The RLC seeks to provide administration, supervision, and counseling in the residential setting. The RLC provides mentoring and leadership to his or her residence life staff and to residents of the community. The RLC is a resident's immediate contact source if he or she feels the RA did not address the situation properly.

Residents should register their vehicles through the MyAUM portal to obtain a parking decal if they plan to have an automobile or motorcycle on campus. Parking in the Housing areas is reserved for residents only with a residential decal. COMMUNITY STANDARDS AND POINTS SYSTEM

Housing Regulations

Each resident in AUM Housing is expected to comply with the following community standards. In addition, compliance with other University regulations and policies is expected. Each resident should be familiar with the terms and conditions of the housing contract, the policies outlined in the AUM Student Handbook, and the University catalog. Residents must comply with the laws and statutes of the nation, state, county, and city of Montgomery. Each sanction is subject to the maximum number of points, as outlined in each individual standard. Total points retracted will be determined by the severity of the violation.

HRL.0001 Abandoned Personal Property (Up to -2 Points)

Any/all items of personal property remaining on University premises following the termination of resident housing and/or residence life agreement shall be deemed to be abandoned and discarded personal property. Such abandoned personal property shall be held by Housing and Residence Life for a period of 10 days. If the property is not claimed by the resident within the 10-day period, the property shall be removed by the University and the resident will be charged a \$100.00 Abandoned Property Fee. Violations associated with abandoned property may delay status for move-in during a subsequent semester.

HRL.0002 Alcohol (Up to -4 Points)

Housing and Residence Life prohibits the unauthorized use, possession, or distribution of alcoholic beverages. All state and federal laws or regulations that regulate and control the sale and use of alcohol are strictly enforced.

Housing and Residence Life recognizes that college residents are adults and should be treated in such a manner. Therefore, while not condoning alcohol use, Housing and Residence Life allows those of legal drinking age to responsibly consume alcoholic beverages within a resident's apartment/room, with some restrictions.

For alcohol to be consumed or stored in the common areas of an apartment, all residents must be of legal drinking age. If one or multiple residents are not of legal drinking age, alcohol may not be stored in the common areas. If you are of legal age and:

- **Share a bedroom with underage roommate(s):** You may NOT store or consume alcohol in your bedroom or in the common areas of your apartment.
- **Share an apartment with underage roommate(s) but have a personal bedroom:** You may responsibly consume and store alcohol in your personal bedroom but may NOT store or consume alcohol in the common areas of your apartment.
- **Share an apartment and/or bedroom with all legal-aged roommate(s):** You may responsibly consume and store alcohol in your personal bedroom and the common areas of your apartment.
- **Have no roommate(s):** You may responsibly consume and store alcohol in your personal bedroom and the common areas of your apartment.

Residents who are of legal drinking age are responsible for ensuring that they and/or their guests do not drink in the presence of underage individuals. If a resident who is of legal drinking age has underage individuals in his/her room and drinks in their presence, this is considered a violation of Housing and Residence Life policy.

Housing and Residence Life and the University take alcohol violations very seriously. Housing and Residence Life will contact Campus Police immediately to assist with alcohol-related violations. Misrepresentation of age to obtain alcoholic beverages, as well as brewing and/or distilling alcohol in any residential facility is not permitted.

HRL.0003 Appliances (Up to -3 Points)

The use of electrical appliances is permitted in the residence halls with certain guidelines. Residents should be aware that several rooms are on the same circuit and should coordinate use of appliances so that power is not interrupted. Residents with specific questions about appliances can contact the Housing and Residence Life Office.

- Appliances used in the residence halls must be safe in design and structure, such as “George Foreman” type grills, toaster ovens, crock pots, and coffee makers.
- **Appliances with exposed heating elements (e.g., hotplates, electric skillets, and “Fry Daddy” type deep fat fryers) are not permitted in The Commons.** If any of these types of appliances are found in an apartment in The Commons, they will be confiscated by housing staff and a fine of up to \$100 applied for each illegal appliance. Toasters and toaster ovens are allowed in The Commons.
- Grease should be placed in the provided receptacles or in a tin container that has been lined with paper towels, and then placed in a trash bag for proper disposal. Please do not pour grease down the drains or into the toilet. Mishandling grease is subject to monetary fines, including the entire cost of the damage incurred by mishandling the grease.

HRL.0004 Balconies/Patios/Porches (Up to -1 Point)

Residents are responsible for keeping all balconies, patios, and porches clean and orderly always. Room furniture is not intended for use in these areas. Balconies, patios, and porches may not be used for storage purposes. Due to the potential for serious injury, throwing objects from the balconies, patios, and porches is strictly prohibited. Residents are required to maintain reasonable levels of noise when using the balcony, patio, or porch to avoid disturbing others. Abusing the use of the balcony, patio, or porch (i.e., loud noise or music that disturbs others, throwing objects, displaying unapproved banners, storing trash, debris, or paper products, storing University-owned property, etc.) will result in disciplinary action. (Please see the Trash policy.)

HRL.0005 Bicycles (Up to -1 Point)

Bicycles or similar two-wheeled vehicles are not permitted to be parked in public areas of residential buildings. Prohibited bike areas include, but are not limited to, lobbies, laundry rooms, balconies, hallways, stairwells, breezeways, and recreation areas. Bicycles may only be stored in outdoor bicycle racks or inside rooms/apartments. Bicycles may not be chained to any fixture in the surrounding residential area (e.g., light posts, trees, signs, etc.).

HRL.0006 Check- In/Check- Out Procedures (Up to -2 Points)

Prior to a student’s arrival, he/she should ensure that all fees have been paid and that the student has photo identification available. The room/apartment was pre-inspected, and existing conditions are listed on the Room Condition Form (RCF) for each assignment.

- All residents are responsible for electronically reviewing the RCF within 48 hours of check-in.
- Residents failing to complete an RCF within 48 hours will be responsible for all damages observed during health and safety inspections or at check out.
- At the time of check out, each resident is responsible for completing either a Standard or Express Check-out. The resident is responsible for any damages that were not specified on the condition report at check in.
- By failing to follow the proper check-out procedures, the resident may forfeit his or her right to contest any damage charges or face disciplinary action.

HRL.0007 Children (Up to -1 Point)

Children are not permitted to reside or be overnight guests in any housing area except Marriage and Family Housing. Children are not allowed to play in the residence halls or in the laundry rooms. Parents are responsible for supervising their children at all times. Residents who leave children unattended in any residence hall/apartment area will be subject to disciplinary action. Campus Police will be called to attend to any unaccompanied children. Babysitting within University housing premises is not permitted at any time.

HRL.0008 Cohabitation (Up to -4 Points)

Cohabitation is not permitted in any AUM Housing and Residence Life residential facility. Cohabitation is defined as visitors staying with an AUM resident in a residence hall and/or apartment for more than a total of three nights in a 30-day period. Any resident found having an individual (other than roommates assigned by Housing and Residence Life) living or cohabitating (as defined above) with them is subject to disciplinary action including monetary fines and possible eviction. Housing and Residence Life reserves the right to require an individual to leave a residence hall in the event of inappropriate activities/behaviors at any point during the visit. Any guest found to be violating the Cohabitation policy may be criminally trespassed from Housing and Residence Life and not permitted to return.

HRL.0009 Collective Accountability Policy (Up to -1 Point)

Housing and Residence Life uses a collective accountability policy to help modify and change resident behavior to prohibit tampering with fire and safety equipment, regulate acts of vandalism, promote cleanliness and health, and provide an atmosphere of living and learning for all residents. The policy involves a three-step educational and warning process that invites residents to help Housing and Residence life staff identify those who are causing damage or disrespecting the community. When violations occur to any part of a residence hall, every effort is made to determine who is responsible. When this effort fails, however, all residents in the area affected will be notified of the violation and given a period in which any information about the incident may be given to a residence life staff member.

If all attempts fail to yield a responsible party, all residents in the affected area will be sanctioned accordingly. A series of warning letters are sent to residents to gain information leading to the apprehension of the responsible party.

HRL.0010 Compliance and Failure to Comply (Up to -3 Points)

All members of the AUM residential community and their guests are expected to comply with the directions of University officials (i.e., RA, RLC, Maintenance technicians, Campus Police, etc.) acting in the performance of their official duties. Complying includes, but is not limited to:

- Changing one's behavior when asked.
- Identifying one's self and producing valid identification.
- Attending a scheduled conduct meeting or conference when requested.
- Abiding by community standards and/or expectations.

Guest of residents who fail to comply with an official request will be asked to leave the residential facilities and possibly the AUM campus; they may also be restricted from further visitation.

Any intentional, reckless, and/or substantial interference with Residence Life staff or University officials in the performance of their duties is also a violation of this policy.

HRL.0011 Contributing to an Unsafe Environment (Up to -3 Points)

It is the expectation of Housing and Residence Life that residents make every effort to ensure their actions contribute to a safe environment conducive to effective study and sleep for all residents. Residents who are found to be creating or contributing to an unsafe or escalating environment, will be subject to disciplinary action. These situations include, but are not limited to:

- Hostility toward roommates or fellow residents.
- Failure to remove oneself from an unsafe situation.
- Contributing to any situation which disrupts our Housing community.

HRL.0012 Courtesy and Quiet Hours (Up to -2 Points)

Since the primary purpose of the University is to foster learning, AUM residents have the right to read and study in their own room/suite/apartment; therefore, noise and other distractions that interfere with this right are prohibited. Because the level of noise one resident may find bothersome may not be the same level of noise

another resident finds bothersome, all residents are expected to act in a reasonable and compliant manner when approached by other residents or staff concerning noise. Failure to comply with any portion of the above (including speaking more quietly, turning music down/off, etc.) will result in disciplinary action, which may include a \$25 fine per occurrence.

Quiet Hours are from 10:00 PM-9:00 AM, Sunday-Thursday, and from 12:00 AM-9 AM, Friday and Saturday. Residents are responsible for adhering to the Quiet Hours policy both inside and outside the residence halls.

Loud conversation, loud music, or any other interference is prohibited.

If a student's right to sleep or study during quiet hours is violated, please do the following:

1. Politely ask those causing the disturbance to refrain. Most people do not realize they are disturbing others and will cooperate.
2. If the noise continues, tell the RA on duty.

During final exam times, special quiet hours are posted in the residence halls. 24-hour quiet hours will be in effect beginning the last week of classes and ending with the last scheduled final exam of the semester. 24-hour quiet hours may start earlier or later at the discretion of the RLC.

Courtesy Hours

- Courtesy hours are always in effect, twenty-four hours a day, seven days a week.
- During courtesy hours, noise is to be kept at a level that does not disturb others. Complying with courtesy hours allows all residents to sleep, study, relax, or host visitors without distracting noise from neighbors.
- Residents are expected to comply with any request to lower their noise level, whether it is a request from fellow residents or staff.
- Playing musical instruments, radios, stereos, TVs, or other amplifying devices, which interfere with the quiet enjoyment of the room/apartment or community by roommate or residents, may result in the restriction or removal of such items from the residence hall/apartment and possible disciplinary action.
- Stereo speakers should not be directed out of hall/apartment windows or placed on balconies at any time.

Temporary exclusions may be granted in writing by the Director of Police Operations for job-related, educational, or demonstration purposes. Department heads and respective instructors may be granted authorization for organized activities by AUM Campus Police. The requesting organization must guarantee qualified instruction, safety, and security for such activities. This policy shall not apply to duly designated law enforcement officers while in the discharge of their lawful duties.

An employee may not possess firearms on campus or while otherwise engaged in duties associated with their employment, except for a firearm properly maintained in a personal vehicle in a manner consistent with Alabama law. University students may not possess firearms at any time on campus, except as expressly authorized by the Director of Police Operations. AUM Campus Police provides temporary storage for firearms lawfully possessed by the students at its office.

Any resident engaging in such behaviors will be subject, but not limited to, removal from the Residence Life system with full payment of housing contract required, and referral to the University judicial system for possible disciplinary action including suspension or expulsion.

HRL.0014 Doors (Up to -2 Points)

High priority is given to the security of residents and this is the basis for policies regulating access into the residence halls. All entry traffic should flow through the designated entry doors in The Commons, Warhawk Hall, and P-40 Place. Housing and Residence Life staff monitors access to all residential communities and enforces the visitation policy. These individuals are in communication with Campus Police for prompt response to emergencies.

- Entrance through doors marked “Exit Only” is not permitted and may be subject to a fine of up to \$100.
- **NEVER PROP DOORS!** The propping or other obstruction of exterior doors is prohibited. Any resident found propping open any door will be held responsible for violating the safety of the residents living in that room and/or building.
- Any resident that does prop a door open places all other residents in the hall at risk and will be subject to disciplinary action.
- If a student discovers a propped door, he or she should close the door and notify a residence life staff member. Any resident who withholds information concerning the propping of doors may face disciplinary action.

Residents found with grills may be sanctioned and fined up to \$100. Lighter fluid and/or charcoal may not be stored in rooms or apartments. Before disposing of charcoal ensure it is in a noncombustible/nonflammable state.

HRL.0018 Grounds (Up to -1 Point)

The grounds throughout the Housing area are maintained by University personnel. Residents may not decorate with additional plants, greenery, or flowers in the balconies or grounds areas. HRL.0021 Health and Safety Inspections (Up to -2 Points)

Housing and Residence Life staff conducts monthly health and safety inspections. RAs will visit a student's room monthly to check for compliance with fire and safety regulations, maintenance repairs, and cleanliness of bedrooms, bathrooms, and kitchen facilities. Areas that are not clean create a variety of health problems, including attracting pests. Routine inspections also help the staff to prevent or correct maintenance concerns. RAs will also be checking to ensure that a student's room or apartment meets fire safety standards. If necessary, the RA will forward the inspection information to maintenance staff. Maintenance staff will enter the room to complete a repair just as if a student had placed a work order.

- Residents whose room does not pass inspection will have 48 hours to correct infractions.
- If the room or apartment fails to pass the second inspection, a \$25.00 fine will be added to each resident's student account.

Housing and Residence Life will contact Campus Police immediately to assist with drug-related violations.

Do not lend a key to others or duplicate it. Residents should not be in possession of another resident's key or access card at any time. Residents should not loan their key to a guest/non-resident for any reason, purpose, or length of time.

- The Housing and Residence Life Office will issue a student a spare key until the lock is changed.

HRL.0024 Laundry (Up to -1 Point)

All Housing areas are equipped with centrally located laundry facilities for the use of Housing residents only. Please use caution when operating machines. Overloading the machines can cause damage to the articles being washed and create the potential for an electrical fire. Residents are encouraged to stay with their laundry. Neither AUM nor Housing and Residence Life will be responsible for lost or stolen articles in the laundry facility. If a washer or dryer malfunctions, please contact the Housing and Residence Life Office for assistance. A student may contact the RA on duty after hours for further assistance. It is a violation of state law to tamper with this sprinkler system or any other life-safety equipment. Intentionally setting off the sprinkler system in this building could result in thousands of dollars' worth of damage to University and residents' property. Any person caught tampering with the sprinkler system will be prosecuted to the fullest extent of the law and will be removed from student housing immediately. Damages that result from tampering with fire safety equipment or from a fire will be charged to the responsible party.

It is the duty of the resident host to monitor and accept responsibility for the behavior of guests. All guests in any residence hall must be escorted by the host resident of that building at all times. The University reserves the right to deny access to any guest if it has been determined that the individual has disturbed, disrupted, or endangered any residents.

Overnight guests of the opposite sex are NOT permitted in a resident's room under any circumstances.

EMERGENCY PROCEDURES

Medical Assistance

Student Health Services in the School of Nursing provides medical services to AUM students. Students must show an AUM student identification card at the time of treatment. Student Health Services is in Irma B. Moore Hall and is open from 8 AM to 5 PM, Monday-Friday, while classes are in session.

If medical assistance is needed outside these hours, students are advised to seek medical attention through their own physician or another medical treatment facility such as an after-hours outpatient clinic or hospital emergency room. Since students are responsible for the entire cost of medical treatment received at facilities other than AUM Student Health Services, they are encouraged to participate in the low-cost health insurance program sponsored through the AUM Student Government Association.

For more information, you may contact the Student Health Services office at 334-244-3281 or the Office of Student Affairs at 334-244-3620.

Fire Prevention

Even with the best efforts, a fire may still occur. Since fire and smoke spread rapidly, all occupants must know what to do and be prepared to act quickly. If you see or smell smoke or see a fire, immediately activate the fire alarm. Next, call AUM Campus Police at 334-244-3424 and give them your name, location of the fire, and any other pertinent information. Then, evacuate the building along with the other residents and stand by to advise the fire department and University officials on details of the fire. Evacuation routes are located in the lobby The Commons and in P-40 Place. Residents should be familiar with their location.

Sounding a false alarm, tampering with firefighting equipment, smoke detectors, or sensors, or setting a fire within a University building, is a felony offense and will result in arrest and disciplinary action. All students must wait until notified by Housing and Residence Life staff or Campus Police before re-entering the building after a fire alarm.

The Housing and Residence Life office will arrange to have fire drills every semester. Upon hearing a fire alarm, immediately evacuate the building.

Tornado/Severe Weather Warning

When a tornado warning is issued for the area, the following procedure will be in effect:

1. The Civil Defense siren located next to The Courtyards will sound a continuous warning for three minutes.
2. Residents should tune a radio or television to a local station for weather information and continue to listen for updates.
3. An AUM Police cruiser will patrol the campus to assist persons in finding cover and relaying information.

Shelter Options

The Courtyards

Residents should go to their bathrooms of their apartment with the door closed or 1st floor apartment of your building.

The Commons

Residents should seek shelter in the interior hallway or bathroom of their suite with the door closed.

Warhawk Hall

Residents should seek shelter in the bathroom of their apartment with the door closed or interior hallway near the bathroom vanity area.

P-40 Place

Residents should seek shelter in the storm shelter located on the first floor of the building.

Other hallways, study areas, laundry areas, or areas that have windows are unsafe locations during a tornado. When the warning has been cancelled, Campus Police will issue an “All Clear” advisory.

Hurricane

The decision to evacuate residents from University housing during a hurricane will be based on factors such as size/intensity of the storm and the time at which a hurricane warning is issued. The Chancellor, in consultation with the AUM Emergency Management Team, will determine if classes are cancelled and when/if the University will be closed.

The Housing and Residence Life Office will coordinate resident evacuation procedures. Residents who have no alternative housing locations will be evacuated to a designated campus shelter.

The Housing and Residence Life Office will coordinate the following:

1. What/how information will be provided to residents.
2. Contact phone number for information updates.
3. Decision regarding hosting non-residents during hurricane.
4. When to evacuate the residence halls.
5. What residents should bring to the shelter (i.e., radio, clothing, toiletries, medications, etc.).
6. Where to park vehicles during the hurricane.
7. When it is safe for residents to return to the residence halls.
8. Procedures to follow if damages have occurred to the residence halls and alternative housing requirements.

POLICY ENFORCEMENT

Community Standards apply to all residents. Staff members follow Housing and Residence Life procedures dealing with appropriate violations of policies and Community Standards. All violations will be investigated thoroughly, and the appropriate sanctions and points will be determined accordingly.

Ignorance of a standard or policy does not excuse the violation. When a violation of any standard or policy is recorded on an incident report, Housing and Residence Life will meet with the resident and assign sanctions (disciplinary measures). Sanctions imposed may include, but are not limited to, points, fines, community service, required viewing of education videos, loss of privileges and eviction. Failure to respond to a request made by a staff member may result in fines and additional disciplinary action.

Peer Review Board

The Peer Review Board (PRB) is comprised of up to 6 students who represent the residential communities, as well as the Residential Education Coordinator. It hears cases referred to them by the Residential Education Coordinator involving violations of Housing and Residence Life policies and/or the Community Standards.

Points

All Housing residents enter Housing with 12 points accredited to their judicial record. Depending on the nature and severity of an incident, a certain number of points will be retracted from a resident found to be in violation of the community standard(s). Repeated offenses result in additional points being removed. Once a resident has lost 6 points or more, he or she may be placed on Housing probation and given further sanctions. Once a resident has lost 12 points, the resident will be recommended for eviction with full payment of Housing contract required. It is possible to lose all 12 points for one violation, depending on its severity.

Students who are removed from Housing and Residence Life for disciplinary purposes will not be permitted to visit Housing and Residence Life facilities for two semesters.

DISCIPLINARY PROCEDURES AND RESIDENCE HALL ASSOCIATION PROCESS

Sanctions

Sanctions (disciplinary measures) relate directly to the nature and severity of the violation as well as the perceived willingness of the resident to accept responsibility for his/her actions. The following sanctions may be imposed during the review and/or appeals process:
