SCHOLARLY AND CREATIVE PRODUCTIVITY

1. Publications

A. Books

a. Scholarly Books (refereed)

Monographs

Excursions into Modernism: Women Writers, Travel, and the Body. Dorchester, England:
Ashgate Publishing, December 2015. Reissued by Routledge in 2016. Print.

Excursions into Modernism investigates the representation of travel in transnational modernist fiction by women through examining these works in tandem with women's travel narratives of the same era. In studying both the outward and introspective journeys in these literary forms, I argue that women's travel experiences and writings produced fundamental practices of modernism.

Edited Collections

Children's Play in Literature: Investigating the Strengths and the Subversions of the Playing Child. Edited and with an introduction by Joyce E. Kelley. New York: Routledge: 2019.

Children's Play in Literature investigates the work of authors of literature as well as film, both those who write for children and those who use children as their central characters, who explore the empowering and subversive potentials of children at play.
